

EXPLORE MORE CORNERS.

The MINI Hatch is made to enjoy urban life to the fullest. The sporty go-kart feeling makes it fun to drive around tight corners and make your own way through narrow lanes with ease. Be at one with the city, yet stand out from the crowds thanks to the distinctive MINI styling. And with the latest MINI Connected features, you will be guided to find only the very best places.

A DESIGN CLASSIC. AND A TRAILBLAZER.

The hustle and bustle of a city centre sparks creative thinking and innovative technologies. It is here that the MINI is truly in its element, offering everything the driver needs to keep moving. The MINI provides the best of everything: a sporty driving style, assisted parking – or anti-glare LED headlights with Matrix light functionality, which detects oncoming traffic and vehicles ahead and temporarily switch off sections of the high beam cone, so that the high beams do not have to be dipped.

- ① Option Piano Black Exterior | John Cooper Works Trim | LED headlights with Matrix light functionality.
- ② 18" MINI Yours British Spoke 2-tone light-alloy wheel. ③ Automatic air conditioning. ④ 360-watt Harman Kardon® hi-fi system with 12 speakers.
- (5) MINI Head-Up Display. (6) 22.4 cm/8.8" touchscreen (in connection with MINI Connected Navigation Plus) | parking assistant.

MADE-TO-MEASURE MINI. TRANSMISSION OF CHOICE.

Each of the 3 MINI models has its own unique strengths and attributes. Yet one characteristic all MINIs share is in the engine: the powerful, efficient and clean MINI Twin Power Turbo technology. A sporty 6-speed transmission is fitted as standard. As an optional extra, there's the 7-speed dual-clutch transmission, available in sports transmission design for the Cooper S. Switching between the MINI Driving Modes of MID, GREEN and SPORT changes the driving style in terms of steering and acceleration.

(1) MINI Driving Modes. (2) Electronic gear selector lever for 7-gear dual-clutch transmission.

COOPER S.

Full speed ahead: The 2.01 4-cylinder petrol engine with 192 hp/141 kW delivers a dynamic driving performance. This is further enhanced by the air intakes in the bumper and bonnet, the rear apron with diffuser insert and centrally positioned dual tailpipes as well as the rear spoiler that is unique to the Cooper S.

COOPER.

The Cooper's 1.5 l 3-cylinder petrol engine delivers $136\,hp/100\,kW$ – the perfect combination of power and efficiency. Special features: Contrasting colour available for the roof and mirror caps, safety bar, grille fins and tailgate handle in high-gloss black, 15" light-alloy wheels and chrome-plated tailpipe trims.

ONE.

That go-kart sensation starts with the 1.5-cylinder petrol engine, providing 102hp/75kW of power in the MINI One - which can be recognised from the safety bar and tailgate handle in matt black and from the grille fins in high-gloss black.

MAKE YOUR MARK. TURN HEADS.

With a dozen different colours to choose from, you can make your MINI an eye-catching expression of your personal style. The roof 1 and the mirror caps can either be in the body colour or in one of the contrasting colours: Aspen White, Melting Silver or Jet Black. Of the 16 lightalloy wheel options, spanning a range of different styles and sizes from 15-inch to 18-inch, we present a selection of nine design highlights for you on the page opposite.

CREATE YOUR OWN STYLE.

To help you make the interior of your MINI as individual as you are, we offer a range of interior elements such as Colour Lines and interior surfaces in various colours and materials. These can be combined with up to nine seat covers and other design features for a truly personalised look.

For that extra special touch, we have developed the MINI Yours design range, featuring exclusive materials and craftsmanship to reflect the British heritage. A perfect pairing: the MINI Yours Interior Style Piano Black decorative cockpit trim with the backlit Union Jack.

① Colour Line Satellite Grey | decorative door trim in Piano Black. ② MINI Yours leather sports steering wheel. ③ MINI 5-door with 3 seats and extra legroom in the rear | leather seats in Chester Satellite Grey* | Colour Line in Satellite Grey | decorative door trims in Piano Black. ④ Leather seats in Chester Malt Brown* | Colour Line Malt Brown | MINI Yours Interior Style Piano Black illuminated.

DECIDEDLY DISTINCTIVE.

Whether it's cloth, leather, leatherette or a combination of materials you prefer, you'll find what you are looking for in our nine options. You have four design elements (shown to the right) as building blocks for your individually designed interior. With the Colour Line, you define the colours of the door armrests and knee rolls, whilst your choice of the interior surfaces determines the material of the decorative door trim strips and cockpit trim strips.

MINI YOURS. Experience the luxury feel of the MINI Yours leather Lounge Carbon Black seat, with its classic Union Jack design on the front of the headrest, its striking piping and its immaculate workmanship. In a MINI Yours seat, you can really feel the difference, however long the drive. ¹

READY FOR THAT MINI FEELING?

How would you like your MINI? As a 3-door or 5-door, as a MINI One, MINI Cooper or perhaps a sporty MINI Cooper S? Explore the different MINI engines and design options using the configurator.

The best way to discover what makes a MINI different, of course, is in person: Book a test drive with your local MINI dealer. Get behind the wheel, buckle up and reach for the start button. Put pedal to the metal and you'll soon discover what we mean by that 'go-kart' feeling. It's guaranteed to put a smile on your face.
